

# HELENA

ANTIQUUE GARDEN WALL

HELENA  
Ash Charcoal

Rinox's Helena product is an economical and versatile modular wall block with a trapezoidal shape, solid construction and tumbled finish. This double-sided antiqued wall block is ideal for a low garden wall, tree ring, or fire pit.\* Helena will provide for a ring with an outside diameter of 42" without any messy saw cutting. The antiqued surfaces provide the look of an expensive wall at a fraction of the price.

*\*Please check your local building codes for fire pit installation guidelines. Use of this product as a fire pit requires the use of an appropriate liner to insulate the concrete block materials from all combustion. Be sure to exercise caution while burning.*
