FOR IMMEDIATE RELEASE

Rinox Pavers Provides a Permeable Solution for Homeowners' Driveway

Upon the completion of a large home in [Rehoboth Beach, DE](#), the homeowners contacted several contractors to discuss options for landscaping their yard, as well as what materials to use to design their driveway. Patrick Richie, CEO of [Landscape Consulting](#), followed up immediately with the homeowners' request and helped them design a beautiful, yet practical driveway complete with a gorgeous landscape package. [Landscape Consulting](#) worked closely with Sussex County and the North Shore Homeowners Association to have the design and construction approved. One of the requirements by the county was that the driveway had to be permeable.

[Landscape Consulting](#)'s task at hand was to design a large driveway that would allow water to filter back into the ground naturally. [Landscape Consulting](#) knew just the product that would not only eliminate any water run-off, but is durable and has great aesthetics – [Perma Piazza](#). Recently, [Rinox Pavers](#) introduced [Perma Piazza pavers](#), which when installed over the proper base, perform quite impressively with minimal water run-off. It is also [ADA-compliant](#) and has a tight interlock when installed in a herringbone pattern that will minimize the possibility for any shifting from vehicular traffic.

[Landscape Consulting](#) skillfully designed and constructed a semi-circle driveway with [Perma Piazza pavers](#) in a custom morocco beige color. A soldier course border was added around the driveway with [Perma Piazza pavers](#) in panama beige to add an attractive trailing accent. Two [Belair Circle kits](#) in panama beige were also added on both sides of the driveway to provide balance and a bit of embellishment. For the homeowners' convenience, [Landscape Consulting](#) constructed pathways that lead under the raised home for vehicular coverage and storage, and also to the backyard.

[Landscape Consulting](#) has designed and installed many beautiful projects over the past year and this one raises the bar once again. The homeowner said, "The final product far surpassed my expectations. The driveway is a lifetime masterpiece and the landscaping will mature over time to give us both beauty and privacy. It was an excellent experience overall and we highly recommend [Landscape Consulting](#) to anyone considering a hardscape or landscape project. I know my neighbors are enjoying the view and some have chosen to invest in [Rinox](#) pavers and the excellent services of Patrick Richie and his team at [Landscape Consulting](#)." [Rinox Pavers](#) is pleased to have a company as professional and talented as [Landscape Consulting](#) in their [Preferred Contractor Program](#).

About Rinox:

[Rinox Pavers](#) is an industry leading manufacturer of concrete [paving stones](#), [patio pavers](#), [retaining wall systems](#), landscape block and [masonry products](#) and has continued to make dreams come true in private homes and commercial settings throughout the Northeast United States and Eastern Canada. [Rinox](#) distributes their material through [authorized dealers](#) from their [Pennsylvania facility](#) to [New York](#), [New Jersey](#), [Pennsylvania](#), [Delaware](#), [Maryland](#), [Washington D.C.](#), [North Carolina](#), [Virginia](#), and [West Virginia](#). [Rinox](#) proudly displays their hardscape materials at local outdoor showrooms and offers [instructional classes](#) for the do-it-yourselfer. For those interested in having a contractor quote a hardscape project, log on to [www.rinoxpavers.com](#) to get started.
